ANMVI *International* is a worldwide network

ANMVI is developing a project of **international cooperation** with veterinary organizations, universities and political institutions both in the **European Union** and in **Third Countries**, establishing contacts with **more than 20 countries** (i.e., United Kingdom, France, Austria, Poland, Hungary, Holland, Romania, Spain, Sudan, United States, North African Countries of the Mediterranean Area, Russia).

Meetings, seminars, courses and stages are organized by **ANMVI International** with national and international lecturers. Students and members of the profession have also the opportunity to experience **training activities** and enlarge their education by **visiting** Italian farms, industries and operators of the food chain.

EXPO 2015

A universal exhibition for the veterinary profession

ANMVI International sizes the chance
to display Veterinarians' achievement in:

- Improving food quality and safety
- Preventing epidemics and diseases
- Promoting innovation and good practices
- Providing education and healthy lifestyles
- Enhancing cultural and ethnic heritage

**"A global veterinary mission
needs global education projects"**
